The school is fortunate in having excellent relationships with the business community of Uddingston, Bothwell, Hamilton and surrounding areas. We are grateful for the support offered to our education-industry liaison and Work Experience programmes.

We are particularly fortunate in having secured, from the following companies, sponsorship towards the cost of the Prize-Giving event.

Clearly the business community supports our pupils very well in their pursuit of excellence.

We would like to congratulate all those pupils who have contributed to this successful school session. These award winners have been nominated because of their very special contribution, but many other pupils achieved a great deal during the year and contributed in a wide range of ways to the ever improving ethos of the school: in sport, in charity endeavours, in study, in peer support, in the social life of the school and in citizenship.

We congratulate and thank them all.

We would also like to take this opportunity to wish all our school leavers great success in their future careers. We will follow their progress with great interest.
